

KONICA MINOLTA

RP609Z Reader-Printer

7x – 24x Zoom Lens

7x – 24x motorized zoom lens provides wide magnification range – eliminates frequent lens changes. Smooth, even zooming selectable in 0.1x increments.

Four Zoom Memory Keys

Set the keys to most often used zoom ratios for quick, highly productive viewing at a button's touch.

Superior-Quality Images

Exclusive Micro-Toning System, high-quality optics, and electronic automatic exposure control ensure consistently excellent prints from every film type. Manual exposure control also possible for handling films with special requirements.

Quick, Crisp Prints

First print appears in just 15 seconds. Subsequent prints at 6 prints per minute for 18" x 24" (A2 size). Up to 99 prints per run.

User-Friendly Control Panel

Ergonomic design and layout ensures quick, convenient operation. Large, easy-to-see control keys.

Three-Way Paper Feeding

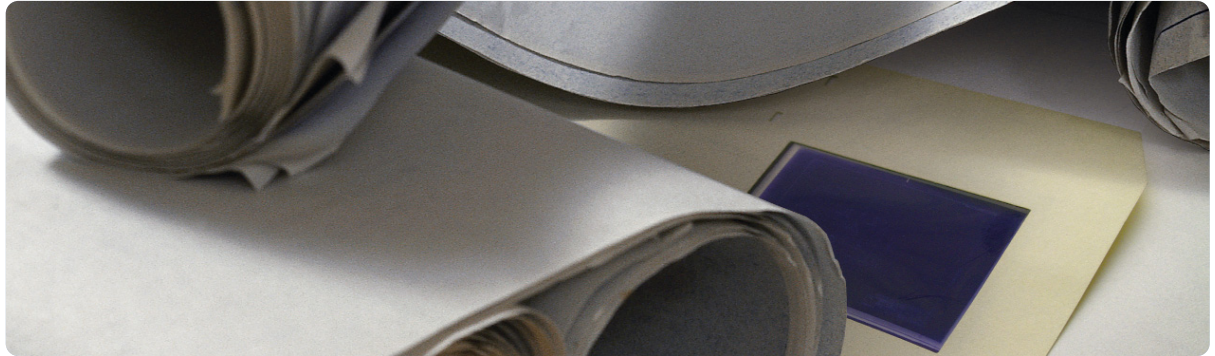

Two paper rolls plus manual feed table. Paper rolls can be different sizes for versatility, or same size for long print runs. Manual table feeds individual sheets of paper, vellum, colored stock, etc.

Energy Save Button

Reduces energy consumption by as much as 40%.

Optional Carriers for Three Film Types

Automatic Card Feeder 2 handles up to 150 cards. Fiche Carrier 6 enables viewing microfiche, jackets, aperture cards from a standing position. Three-speed Roll Film Carrier 16 works with 16 mm and 35 mm open reel films, aperture cards.

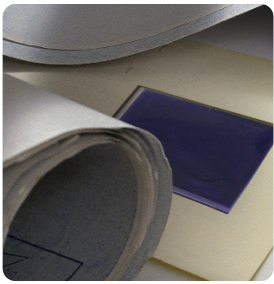

Wide Zoom Range, Superior Image Quality, Variety of Films. A new level of performance, convenience, and versatility for architecture, manufacturing, public utilities, government. Compact, console-type design works well in limited-space. Automatic card feeder, fiche carrier, and three-speed open reel film carrier. Motorized 7x – 24x zoom lens. Superior-quality prints as large as 18" x 24" (A2).
